Chiloquin Home Repairs *Keep this page for your records!*

The Sierra Service Project (SSP) is a nonprofit organization committed to strengthening communities through service to others. Our services are provided **free-of-charge** to residents regardless of race, gender, disability, age, or religion. SSP's home repair work is done by **teenage and adult volunteers** who are supervised by experienced paid staff. This will be SSP's seventh summer serving in Chiloquin in a row.

Project List SSP volunteers are able to complete:

- **Building or repairing:**
 - Wheelchair ramps
 - Stairs
 - Porches
 - Awnings
 - Wood sheds
 - Fences (wood only)
- **Painting** (inside and outside)
- **Roofing, floor, and wall repair**
- **SSP is NOT able to repair windows, doors, or do any electrical or plumbing work.**
- **SSP is NOT able to paint homes that test positive for lead paint.**

After receiving a **Home Repair Work Request**, an SSP employee will visit your home to evaluate the work requested. It is not possible to complete all requested work due to time, budget, and volunteer limitations. A visit to your home does not guarantee that a project will be approved. - **Complete a "Home Repair Work Request"**

- **We are unable to do any work within mobile home parks.**
 - However, if you live in a mobile or modular home that is **NOT** within a park, you are welcome to apply for services.
